## SUMMARY

Experienced full-stack developer with two years of expertise in Java, Spring Framework, Angular, and AWS. Skilled in developing and deploying scalable solutions, committed to delivering high-quality results.

## TECHNICAL SKILLS

**Languages**: Java, TypeScript, JavaScript, SQL, HTML/CSS
**Frameworks**: SpringBoot, Angular, ReactJs, JUnit, Mockito, NodeJs
**Developer Tools**: Git/Github, Docker, Maven/Gradle,

## EXPERIENCE

**Jr. Software Engineer** — July. 2023 –
*Cognizant Technology Solutions.* — *Hyderabad, India*

- Developed Spring Boot Java modules with event-driven architecture for efficient communication between microservices, catering to the needs of a client in the language proficiency assessment domain, ensuring seamless integration and scalability.
- Conducted debugging and troubleshooting of existing codebase to identify and resolve bugs, ensuring the stability and reliability of the application.
- Implemented unit tests using JUnit Mockito to ensure the quality and reliability of the developed code, adhering to best practices in software testing.
- Actively participated in Sprint planning sessions for the analysis and estimation of efforts required for user stories and bug fixes, contributing to efficient project management and delivery.
- Demonstrated expertise in AWS services such as SQS, SNS, and Lambdas, leveraging cloud technologies to enhance the performance and functionality of the application.

**Programmer Analyst Trainee** — Jul 2022 - July 2023
*Cognizant Technology Solutions* — *Hyderabad, India*

- Engaged in an intensive training program focused on Full Stack Development.
- Actively pursued self-initiated projects to apply theoretical knowledge, resulting in practical experience in Java, Spring Framework, Angular, MySQL
- Contributed to a POC (Proof of Concept) focused on a dynamic property search application, leading the Frontend development using Angular. Contributed on the backend using Java, SpringBoot and PostgreSQL with POSTGIS extension for location based queries.

## EDUCATION

**Kalinga Institute of Industrial Technology** — Bhubaneswar, India
*B.Tech, Computer Science and Engineering* — *2019 - 2022*

**KIIT Polytechnic** — Bhubaneswar, India
*Diploma, Computer Science and Engineering* — *2016 - 2019*

## CERTIFICATIONS

**AWS Cloud Practitioner - Amazon Web Service**
*Issued Feb 2024 - Expires Feb 2027*

**AWS Developer Associate - Amazon Web Service**
*Issued April 2024 - Expires April 2027*
